

IR Sensor Switch

IR001W • IR Sensor for LED Light

Product Highlights

- Selectable mode: Door sensor or IR Wave sensor
- Door control LED light brightness adjustable
- Angle of Detection: 100 degree
- Detection distance: 0-8cm
- Endcap removeable: Recess or Surface Mount optional

Specifications

Wireless communication	Infrared
Working Voltage(Vdc)	12/24
Rated Current(A):	2
IP class	IP20
Cutout hole diameter	15.5mm
Diameter (mm)	15
Length (mm)	41.5
Color / Finish	Black / White

Safety

Safety Class	Class III (SELV)
CE	yes
UKCA	yes
Rohs	yes
